Mr. Kunzler:

This letter is in response to the review of notice of intention to commence large mining operations. We have received the letter dated April 3, 1998. The questions have been submitted to Mt. Nebo Scientific, to formulate specific responses to the comments. Personnel at Mt. Nebo have been unable to complete this project due to other commitments. We would appreciate a time extension to June 30 to allow time to complete your request.

If you have any questions, or I can be of further assistance, please feel free to call.

Sincerely,

Macey Buker
